

Superchem 863

Penetrating and Loosen Fluid

SUPERCHEM®

AIGI ENVIRONMENTAL

Superchem 863 is an excellent, fast acting single function oil which quickly penetrates into " frozen" rusted bolts, nuts and fittings. Without any acids or other corrosive chemicals to damage equipment, 863's low surface tension formulation rapidly penetrates rusted components to speed up equipment disassembly.

SUPERCHEM® 863 500g裝

Data Sheet

Superchem 863	Penetration Fluid
Color	Blue
Density KG/L	0.83
Flash Point (°C)	>60 (140 F)

Package: 20L/Barrel
 50L/Barrel
 208L/Barrel

Ceramic reinforced solid coating, impact resistant
